Dave/Joel:

Attached for your information is the modified draft permit, tentative determination and fact sheet for the modification of the General Discharge Permit for Animal Feeding Operations, MDG01a and 14AFa. In addition to the modification of the frequency of inspections of dry animal waste storage structures that you have already reviewed and had no objections, we have also performed two clarifying modifications:

- modification of definition S, "Required Plan(s)" on page 6 of the permit;
- re-ordering of sections "O" and "P" in Part VII.

If you have any questions, please contact me.

Thanks, Gary
